Emily,

We have reviewed the documents you provided and do not find that a new Driveway Permit is necessary. Site traffic volumes are acceptable, you are not seeking a new driveway to the TxDOT system, and you are not discharging any storm water or effluent into the highway system. As such we take no objection to the project.

If site use changes and/or TxDOT is subject to receive an increase in storm water or effluent from the site a permit may be required.

Sincerely,

[Kenneth J. Wiemers, P.E.](#)
